

Living Water [G]

[Irene Edit] by Scott Lavender

G D C G D

Verse 1:

G

I thirst for you above creation

D

The glories of this world could never satisfy,

Could never satisfy like you.

Verse 2:

G

And when we face our heart's temptation

D

The hollow call of sin could never satisfy,

Could never satisfy like you

Chorus:

Praise the one who brings joy

To the broken and destroyed

Justice to the young and old

Every nation every soul

Praise the one who brings life

To the lonely and despised

Like a river without borders

Jesus you are living water

To the world

Only you can satisfy

Verse 3:

G

We scope the universe for meaning

D

Forget the king who made its shining stars at night,

Who's offering us joy and life.
